Treasurer's Report: Rob Thompson

\$ 4708.77

\$ 4708.68

\$ 77.46

Plaques: Darin will get plaques engraved. A meeting will take place tomorrow with town employees to put together a plan for the park. Light poles are in but not wired yet.

Wood benches will be installed down 105 with one already in place. The others will be installed soon.

RR Bridge: 36% of the plan has been approved. The concept comes next and then the construction. UP is requiring a fence outside of their right of way. They also want to charge us for air space for the bridge. We are trying to secure the ties that are being taken up but we are not getting anywhere with anybody. We are ready to proceed with construction but there is nobody set to engineer it yet. We might possibly be ready to start in the fall.

Disc Golf Course: John thought it was important to have documentation to control the use of the course. It is also an effort to raise funds. The leagues, or tags, have registration fees and John would like to tag a dollar or two on to that to come to the lake committee and will then be administered by the committee. This will also limit the capacity of the course to 50 people max at any given time. Paul wants any moneys to pass through the town first. Jeff says that the town has been resistant to that in the past.

Town Meeting tomorrow: Cathy : the town will be discussing mostly water issues .

Up-A-Downa: will be here May 14 or 15

Fishing Derby: June 4 Sponsored by the Lion's Club. Hooked on Palmer Lake.

Fireworks Com wants to piggyback fishing derby. The run is \$25 and it includes a T-shirt. Fireworks will be a go if the town council approves.

The Glow Run is May 21, 2016. @ 8pm. There are already 100 people signed up.

The restaurant group is doing a progressive dinner June 28th. And then July 26, Aug 30, Taste of Aug 20, Sept 27 is another progressive dinner. Oct 25 here will be the October-fest. October 15th will be the next .5K

Meeting adjourned at 8:30 pm

Thank you to Roger and the Lucretia Vaile Museum.
